

# LONDON EVENTS

OUR TOP PICKS  
FOR MARCH 2017

## RAISING STARTUP CAPITAL

One of the most critical issues facing entrepreneurs is deciding if and when it makes sense to raise outside capital. This workshop will help you understand term sheets, initial rounds of investment, and how to retain value and control. We'll also discuss what to do with that money once you have it so you can create exit opportunities and potential for future funding.

[GA London, 114 Whitechapel High Street, London, E1 7PT](#)

## WEARABLE TECHNOLOGY SHOW 2017

The biggest event for wearables, AR & VR, IOT, and connected technology. Over 6,000 delegates, 200 speakers and 300 press will come together to exchange views, network and do business. The show floor will feature cutting edge technology attracting prosumers, distributors and buyers.

[ExCel, Royal Victoria Dock, 1 Western Gateway, London E16 1XL](#)

## EXPAND LONDON 2017

The careers event delivering the best tech and startup opportunities to ambitious Talent. Connecting Talent to innovative companies, offering workshops to sharpen skills, and inspiring with stories from founders and industry insiders.

[Bankside Vaults, 1 Invicta Plaza, London SE1 9UF](#)

## AI+VR Rise Conference

Top minds in AI and VR will come together for one evening to explore how artificial intelligence and machine learning could be used in virtual or mixed reality environments.

You will learn about state-of-the-art developments in both AI and VR, and possible crossover between the two.

## CO-FOUNDERS: WHAT MAKES THE PERFECT MATCH?

Great ideas need right minds to come together, push forward to make it a success. However, a perfect Co-Founder search can be a dilemma. This event is a Q&A conversation between the panel and attendees, breaking down problems/solutions on how to marry a perfect partnership, then building that relationship.
